### OBJECTIVE:

After gaining experience in all aspects of drilling, I want to expand upon this and further my career in the Drilling industry with a view to operations, support and management. Some of the achievements I believe can enhance my career are as follows:

Thorough understanding of drilling, the down hole tools and surface equipment (Operations, troubleshooting & maintenance).

Directional drilling techniques, under balanced drilling, open hole sidetracks, fishing, casings and cementations, and liner strings. Mud systems and completion brines. Dual completions, gravel pack completion or gas lift.

Good Subsea experience, worked on BOPs, rams changing & testing, pilots & functions tests, pressure tests, running in & pulling out BOP. Also worked on tensioners, Koomey units.

Experienced at planning and directing work of crew to accomplish company goals. I'm a very fast learner, communicative and I ever anticipate, organized, efficient and hard worker.
