Oilfield Services / Rotating Engineer

Residential Country : India Nationality : India
Resume Title : Rotating Equipment Engineer, Mechanical Engineer, Maintenance Engineer Notice Period : 31 Days

EDUCATION

Qualification	Institute / College /university	Year	Country
---------------	---------------------------------	------	---------

CAREER SUMMARY

Position	Employer	Country	From Month/ Year	To Month/ Year
----------	----------	---------	------------------	----------------

ADDITIONAL CERTIFICATE AND TECHNICAL QUALIFICATION

Name Of The Course	Course Date	Valid Upto	Name Of Organisation
--------------------	-------------	------------	----------------------

Current Salary (Monthly In Usd): Not Mention Expected Salary (Monthly In Usd): Not Mention

Additional Skills :

Summary of experience: If Over 15 years of experience in the areas of operation and maintenance, resource planning and control, project management, technical support and liaison work in power, fertilizer and petrochemicals & oil & gas companies. If Experience in preparation & evaluation of all aspects of design of engineering packages for new projects & modification jobs in existing plant starting from initial feasibility study to conceptualization & details engineering as per approved standard codes & practices. If Preparation of project schedule using MS project , scope of work, cost estimate, bill of material along with relevant specification in form of tender inquiry as well as offer documents If Supervising Installation, commissioning, & maintaining the rotating equipment for optimum performance as per standard API, ASME, IS codes & manufacturer's guide lines complying all the considerations of health & safety of human, equipment & environment. If Research, Validate and introduce best mechanical preventive, productive & proactive maintenance practices & execution of reliability centered maintenance

management. Complete planning of all the resources (i.e. Spares, manpower, tools & tackles, special tools, consumables etc.) for timely execution of overhauling/maintenance of equipment.

if ¼ Preparation of equipment maintenance strategies based on OEM guidelines & equipment's performance history. Preparation of reports for key performance indicators for maintenance / project teams (i.e. Mean time between failures, total repair cost/equipment).

Provide support to maintenance team to devise the strategies to achieve KPI's & identification of bad actors (initiate actions to remove it) if ¼ Spare parts management of equipment for routine maintenance as well as planned shutdown (Turn around jobs) if ¼ Evaluate the implementation and effectiveness of safety rules and regulations as they apply to maintenance employees and contractors. Working like a role model as a safety complying professional. if ¼ Hands on working experience on following rotating equipment along with its auxiliaries for trouble shooting, job safety analysis , root cause analysis to eliminate future reoccurring equipment failures & participating with operation team for identifying hazards & operability study. *

Gas turbines (GE Frame: VI & IX machines & ½ Solar turbine ½ machines) *

Steam turbines (55 MW BHEL machines ½ Siemens design, GE machines, Shin Nippon etc.) *

Pumps: Centrifugal & reciprocating pumps along with mechanical seals (Single & multi stages horizontal split casing, vertical turbine type, submersible type, barrel type, diaphragm type etc.) *

Compressors: Centrifugal (Radial flow & axial flow type), reciprocating air & gas applications (Solar turbines, GHH, IHI, GE, Elliot Kirloskar, Khosla etc.) *

Diesel engines, Gear boxes, Vacuum pumps, Centrifuges, Agitators, Blowers, Cooling towers, Fin fans, Mixtures etc. if ¼ Experience of working in complete computerized work environment. Experience of working in SAP & Lotus notes, Microsoft office & outlook packages if ¼ An effective communicator & very good team member with excellent relationship management skills and strong analytical, problem solving & organizational abilities.

Areas of Expertise Installation Commissioning & Maintenance: if ¼ Managing overall activities pertaining to erection, commissioning, and maintenance & overhauling of a wide range of rotating & static equipment. if ¼ Executing cost saving and energy saving techniques/ measures and modifications to achieve substantial reduction in O&M expenditures and work within the budget. if ¼ Supervising the functions of troubleshooting & predictive / preventive / shutdown maintenance. Identifying areas of technical problems/ breakdowns and reducing machinery downtime to minimum. Supervising start up & shut down operational activities of all the critical equipment. if ¼ Participate in exercises of inspection & performance tests of the equipment / plants & compare the results with reference to OEM's standard parameters. Suggesting & implementing area of improvement if required. General Administration if ¼ Sourcing the vendors, co-ordination & evaluating them for techno-commercial aspects for supply of spares & services. if ¼ Liaison with government departments and regulatory authorities for obtaining necessary clearances / licenses and ensuring compliance with various statutory obligations. if ¼ Developing, managing and monitoring the performance of multi-skilled work force and conceptualizing need-based training programs for maximizing maintenance/ operational efficiency.

Project/Maintenance Planning & Execution if ¼ Preparing project/Maintenance schedules/plans, Tender inquiries & Offer documents along with technical specifications towards the successful execution of erection & commissioning projects. if ¼ Monitoring projects/contracts with respect to cost, Resource deployment, time over-runs and Quality Compliance to ensure execution of projects within the time & cost parameters. if ¼ Expediting & inspection visits to vendor works. if ¼ Conducting, attending project/contract review meetings for evaluating project progress & taking adequate corrective actions if required. Preparation of minutes of meetings, project progress reports.

Additional Information :

Personal Information: if ¼ Date of Birth : 9th December 1966 if ¼ Marital Status : Married
 Nationality : Indian Passport No Valid Indian Passport Place of Issue Muscat Date of Issue 29-01-2008 Date of Expiry 28-01-2018 Passport Details: Notice period my present company : One Month Driving license No. : India - 238581 GCC (Oman) ½ 73128645 GCC (Saudi Arabia) ½
