Maintenance / Instrumentation Technician

Residential Country : India Nationality : India
Resume Title : Instrument Technician/foreman Notice Period : 91 Days

EDUCATION

Qualification	Institute / College /university	Year	Country
---------------	---------------------------------	------	---------

CAREER SUMMARY

Position	Employer	Country	From Month/ Year	To Month/ Year
----------	----------	---------	------------------	----------------

ADDITIONAL CERTIFICATE AND TECHNICAL QUALIFICATION

Name Of The Course	Course Date	Valid Upto	Name Of Organisation
--------------------	-------------	------------	----------------------

Current Salary (Monthly In Usd): Not Mention Expected Salary (Monthly In Usd): Not Mention

Additional Skills :

• Having sound knowledge of the plant safety rules and regulations. • Sound knowledge about PTW (Permit to work system) and different types of permits such as Hot work permit, Cold work permit, Confined Space Entry permit. • Working knowledge of Lock Out Tag Out Procedures • Knowledge about the different type of Hazardous involved in the work area and necessary precaution to be carried out for safe work. • Ability to carry out job independently by following the Safety rules and regulations. • Experience in Plant Maintenance & Commission. • Good knowledge and well experienced in Running Plant Instrument Maintenance. • Familiar with Plant Running, Preventive, Predictive, Corrective & Breakdown Maintenance. • Sound Knowledge in Turbine Control System,Solar Turbotronic Turbine Control System, Honeywell fail safe control System, HIMA Logic Control system • Having Sound Experience in Different Make of Gas Turbines Such as Solar Mars Turbine,Rolls Royce Turbines and Ruston Turbines. • Having Sound Experience in Different Makes of Gas compressors Such as Solar Mars,GE Gas Compressors and Novo Pignone Compressors and Ruston Compressors • Good knowledge of all type of Rotating Equipment Maintenance, Gas Turbines, Compressors,Pumps

etc. • Knowledge About the SAP System • Having Experience in DeltaV Field Bus Technology. • Having experience in Boiler Management System (BMS). • Expert in Calibration & Installation of various types of Modern Smart Electronic and Pneumatic instruments. • Well knowledge in DCS, PLC, ESD Plant Automation Controlling Systems. • Working knowledge in Fire & Gas System such as H2S Detectors, HC Detectors and UV, Smoke Detectors. • Working knowledge in BENTLY NEVADA 3300,3500 Vibration Monitoring system. • Ability to do the job independently and Team wise also. • Ability to read Engineering Drawing, P & ID Drawing, Loop Diagram, Logic Diagram and Hook up drawing also. • Ability to work in Lead roles. • Good knowledge in English Language. • Sound Knowledge in Computer Operation. • Always interested in Achieving and updating knowledge with Modern Technologies

Additional Information :

DCS Honeywell TDC-3000 Yokogawa Centum XL 300 Fisher Rosemount Provox Controltem,Foxboro IA Series. Field Bus System : Fisher DeltaV Field Bus System PLC: Allen Bradly,Modicon. Gas Turbine Control System : Solar Turbotronic Control System,Honeywell Fail Safe Control system,HIMA Logic Control System. Gas Turbines: Solar Mars,Rolls Royce,Ruston. Gas Compressors Solar,GE Compressor,Novo Pgnone Compressor. Boiler Management System : ABB August Vibration Monitoring System Bently Nevada 3300,3500. ESD System ICS Triplex,ABB August,Honeywell Solid State Logic(SSL) System. Fire&Gas System Safety System Technology USA
