Additional Information

Roles and Responsibilities	Additional Skills/Certification
Managed day to day activities of a 3,000 HP rig drilling HTHP wells in excess of 23,000' MD/TVD with MW in excess of 21 PPG OBM. Supervised functional tasks of national engineers, rig contractor staff, and third party contractors to deliver effective support for performance improvement. Developed and maintained a collaborative team environment to ensure compliance with safety and regulatory standards and provided regular progress reports to team. Supported Argentina HTHP Vaca Muerta horizontal and directional wells by improving technical aspects through effective supervision. Monitored staff performance to ensure compliance with HSE and set standards. Conducted reviews on operational procedures and coordinated with engineering staff to ensure implementation.	Led batch drilling operations of horizontal wells for seven rigs and ensured compliance with regulatory standards while rolling out new corporate HSE policies.
