Additional Information

Roles and Responsibilities	Additional Skills/Certification
Hello there just a quick little bit of information about me that I hope will be appreciated by your team. I started on the rigs as a roughneck in Canada long ago and worked my way up to a point we're I used to Rig Manage 3 sister rigs that I had previously been a roving Toolpusher on each and lately have been a Coaching Toolpusher for ENI offshore UAE and Egypt were I was mentoring crews and helping achieve a high level of compliance and performance. I have over 10 years as a Toolpusher in many countries with multi religious and ethnic backgrounds and I have an exeplory safety record that I am very proud of. I feel that I will make a valuable contribution to any dynamic team and I have worked in Saudi Arabia both on land rigs and offshore so I am familiar with the area. I look forward to hearing from you.	Motivation and instilling a strong safety mindset and proper safe drilling practices are something that has been forefront in my current roll as a Coaching Toolpusher.
