Additional Information

Roles and Responsibilities	Additional Skills/Certification
I am responsible for supporting the driller in all aspects of drilling operations to ensure safety and efficiency. I assist in coordinating rig personnel, assigning tasks, and supervising their execution to maintain smooth and productive operations. A key part of my role involves inspecting and maintaining drilling equipment, identifying potential issues, and ensuring timely repairs to prevent downtime. I contribute to the overall workflow by assisting with equipment setup, troubleshooting mechanical problems, and ensuring all tools and machinery function properly. Safety is a top priority in my role. I enforce safety protocols, conduct routine checks, and ensure compliance with industry and company standards. I work closely with the driller and the team to maintain clear communication and teamwork, ensuring that all operations are performed effectively and securely. Through my proactive approach, attention to detail, and dedication to safety, I play a vital role in ensuring the success of drilling operations while minimizing risks and enhancing overall efficiency.	IWCF level 4 - Confined Space Training - Stuck pipe Training - Safety Management System Training
