Personal Information

Candidate id	1493
Name	Benbraham Billel
Date of Birth	1981-06-04
Salary (in USD)	1700/
Industry	Production
Sub Industry	
Nationality	Algeria
Primary Language	French,
Secondary Language	
Total Years of Experience	17

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Sonatrach – BHP Billiton Joint Venture, Algeria Key Achievements: As a Shift Supervisor in a Gas, LPG, and Condensate processing plant, I ensured safe and efficient operations while meeting production goals. I reduced downtime and improved plant reliability through preventive and corrective maintenance. I oversaw plant commissioning, ensuring contractors followed safety standards. I led emergency response teams and conducted safety audits to enhance compliance. Additionally, I implemented process improvements through Engineering Change Requests (ECR), which boosted safety and efficiency, ensuring continuous production and better plant availability. Key Responsibilities :

- Ensured safe and efficient plant operations in a Gas, LPG, and Condensate processing facility.
- Conducted safety audits, enforced HS&E regulations, and led emergency response drills.
- Monitored control room activities to achieve production targets and ensure safety.
- Managed the Permit-to-Work (PTW) system, authorizing work permits for safe maintenance execution.
- Supervised plant start-up and shutdown processes, ensuring smooth transitions.
- Coordinated preventive and corrective maintenance to minimize downtime and improve reliability.
- Analyzed process data to identify issues and optimize operations.
- Managed contractors and workforce to ensure safety and operational efficiency.
- Implemented process improvements through Engineering Change Requests (ECR).
- Monitored inventory and conducted lab analysis to maintain product quality.
- Prepared reports and maintained documentation for effective shift handovers.

in interpreting P&ID, PFD, and Cause & Effect diagrams. Skilled in DCS system control for oil, gas, and LPG facilities. Experienced in developing and implementing operational manuals and emergency protocols. Knowledgeable in pre-

Education Summary
