----------------------------	---------------------------------

As a proficient Maintenance Superintendent in the Oil & Gas Industry, with experience managing both onshore and offshore rigs, I have overseen diverse projects encompassing drilling operations, maintenance, commissioning, troubleshooting, installation, construction, and research. With over 25 years of professional experience, I have acquired comprehensive technical knowledge and demonstrated competence, capabilities, skills, and educational prowess. My expertise includes planning, designing, and executing various capital construction and maintenance programs. I am adept at participating in maintenance schedule planning, allocating resources efficiently, and undertaking related responsibilities as assigned. My goal is to establish a prominent professional presence as a Maintenance Superintendent in the Oil & Gas drilling service field, contributing significantly to its growth and success through strategic investment. I am seeking opportunities to further enrich my expertise, gain new experiences, and elevate my skill set. My dedication to excellence and commitment to continuous improvement drive me to excel in every aspect of my work
