Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>An Assistant Mechanic supports senior mechanics in maintaining and repairing vehicles or machinery. Their main duties include assisting with repairs, performing basic maintenance tasks like oil changes, filter replacements, and tire rotations, and ensuring tools and equipment are clean and organized. They also help keep the workshop clean and safe, preparing vehicles or machinery for servicing as needed. An Assistant Mechanic is responsible for following instructions, observing safety protocols, and learning from experienced mechanics to develop their skills. They may assist in diagnosing mechanical issues and recording details of repairs or maintenance work. This role requires basic mechanical knowledge, attention to detail, teamwork, and a willingness to learn. It provides hands-on experience and is ideal for individuals starting their careers in the mechanical or automotive field, offering a pathway to more advanced roles over time.</p>	<p>Boiset, H2S,</p>
