201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	1708
Name	Himanghu Jyoti Gogoi
Date of Birth	1988-04-09
Salary (in USD)	100/
Industry	Drilling / Rig
Sub Industry	
Nationality	India
Primary Language	English, Hindi,
Secondary Language	
Total Years of Experience	15

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

Maintenance and trouble shooting of all equipments. ? Working under ZJ80DBS 2600HP Drilling Rig with Honghua Top Drive Model-DQ675DBZ and VFD Control System, CAT 3512B DG set, Honghua HHF 1600 Mud Pump Confine to Exploratory Field. ? Maintained preventive and corrective measures for mechanical and mobile equipment along with rig machinery. ? Operated various lifting and hoisting devices to install, repair and set up machinery. ? Studied the blue prints and schematic drawings and carried the maintenance procedure accordingly. ? Replaced damaged, missing or defective parts with new and refurbished components. ? Working under 2000HP Drilling Rig with SCR Control System, CUMMINS, CAT 3512BDG set, National F1600 Mud Pump Confine to Exploratory Field with Deep Target Depth (5000m) & wild cat well. ? Mechanical maintenance of Top Drive System (NOV TDS 11SA), Planning of spares for Preventive and Breakdown maintenance of TDS. ? Record keeping of TDS system. Collaborated with Chief Mechanic to achieve maximum Preventive as well as Breakdown maintenance. ? Carried out day-day-day duties accurately and efficiently. ? Resolved problems, improved operations and provided exceptional service. ? Completed root cause analysis and used effective troubleshooting abilities to trace faults.. ? Working under 2000HP Drilling Rig with SCR Control System, CAT 3512B DG set, National 1700PT, 1400PT , NOV 12P160 Mud Pump Confine to Exploratory Field with Deep Target Depth(4500m) and wild cat well. ? Planning rig operations and adhering to standard guidelines and procedures. ? Ensuring that the working environment is safe and free from rig pollution. ? Allocating the tasks of installing, repairing, maintaining and servicing well site equipment. ? Following the planned maintenance program for rig machinery including mobile equipment. ? Examining equipment before and after the use at periodic intervals. Handling planned maintenance, record-keeping and reporting on all the mechanical equipment on the rig. ? Involved in the documentation and certification of machinery, mechanical and fire fighting equipment for rig ? Working under ZJ90D 3000HP Drilling Rig with Varco Top Drive Model-8SA and VFD Control System, CAT 3512B DG set, BOMCO F1600 Mud Pump Confine to Exploratory Field. ? Maintained preventive and corrective measures for mechanical and mobile equipment along with rig machinery. ? Operated various lifting and hoisting devices to install, repair and set up machinery. ? Studied the blue prints and schematic drawings and carried the maintenance procedure accordingly. ? Replaced damaged, missing or defective parts with new and refurbished components. ? Maintain, troubleshoot and installation of mud pump (F-1000) ? Work on overall hydraulic system of drilling rig.

? Resolved problems, improved operations and provided exceptional service. ? Completed root cause analysis and used effective troubleshooting abilities to t ? Planning rig operations and adhering to standard guidelines and procedures.

Education Summary

Course	University	Passing Year	Country
Diesel Mechanic	ITI JORHAT, ASSAM	2006	India

Career Summary

Position	Employer	Country	From	To
Rig Mechanic	Drilling Rigs	Oman	01/2008	01/2025
