Salary (in USD)	700/Per Month
Industry	Drilling / Rig
Sub Industry	
Nationality	India
Primary Language	English,
Secondary Language	
Total Years of Experience	1

Additional Information

Roles and Responsibilities	Additional Skills/Certification
I am currently employed as a Graduate Engineer Trainee at Seros Energy Private Limited. In this role, I actively assist the Assistant Driller by performing tasks such as taking drill pipe and casing tally, inspecting for any potential damage, and monitoring critical drilling parameters, including Weight on Bit (WOB), Revolutions Per Minute (RPM), Gallons Per Minute (GPM), Standpipe Pressure (SPP), and Strokes Per Minute (SPM). These responsibilities have allowed me to develop a strong understanding of drilling operations and enhance my technical expertise in the field. Additionally, I have had the opportunity to work on a geothermal energy project in Leh. This experience provided me with valuable insights into renewable energy exploration, where I contributed to drilling operations and collaborated with multidisciplinary teams to support the efficient extraction of geothermal resources. This exposure has broadened my knowledge and reinforced my commitment to contributing to both conventional and renewable energy sectors.	Ms Excel Ms word IWCF level 1
