## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I am a highly motivated Environmental Engineering professional with strong analytical, integrity, and leadership skills. I am committed to continuous learning, capable of working independently and in a team. Additionally, I excel under pressure, am open-minded, a hard worker, and maintain strict confidentiality, with proficient problem-solving and decision-making abilities. I hold a certification International General Certificate in Occupational Health and Safety by NEBOSH, and Health and Safety for Oil and Gas Supervisor from the Ministry of Energy and Mineral Resources of the Republic of Indonesia, as well as the Human Resource Development Agency for Energy and Mineral Resources (BNSP) and other certificates in my possession. On the technical side, I am skilled in various software applications (Autocad, Qual2KW, Sketch Up, SPSS) and possess a strong command of English, both spoken and written. My professional experience more than 6 years includes, QHSE Officer at PT Pertamina Hulu Mahakam, Safety Officer at Valaris Limited (Rig Jack up Ensco 67)., Safety Supervisor at China Oilfield Services Limited. (RIG Sinoocean Peace, Jack Up RIG), HSE Superintendent, HSE Department for SRU Unit & Brownfield area at Hyundai Engineering & Construction.Co.,Ltd (Refinery Development Project & Joint Operation Balikpapan ) and Rig Safety Training Coordinator at Ventura Offshore (RIG SSV Catarina GVA 7500, 6th Generation Semi Submersible Rig). Additionally, I have been involved in several Environmental Impact Assessment Projects and Sampling Projects for Air Quality. If you believe that my qualifications and background align with the requirements of the position, I would appreciate the opportunity to interview at your convenience. I am confident that such a meeting would be mutually beneficial.
