Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Greetings I am writing to express my interest in the HSE Eng. position that you may have. I believe that my experience and education make me a strong candidate for this position. I have been working as an HSE Advisor for the past Eight years for world class companies (Maersk , Rashpetco (Shell JV) , BP , TCI Sanmar) for both (Onshore & Offshore) and have gained valuable experience in the field. My previous employers have all praised my ability to work independently and efficiently, as well as my ability to build strong relationships with clients and coworkers. I am confident that these skills will be beneficial to your company. My education is also an important factor in my qualifications for this position. I hold a Bachelor's degree in petrochemical Engineering from Pharos University of Alexandria & KTH (Royal institute of technology) , which has provided me with the knowledge necessary to perform my job effectively. I also hold certificates in Occupational Safety and Health , Process safety , Hazard Recognition ,Incident command system And Basic Offshore Safety Induction and Emergency Training (BOSIET) which has helped me to understand and apply safety standards in the workplace. I also have a great experience at total / partial shutdowns regarding Rashpetco / other EGPC companies I am confident that my experience and education will allow me to contribute positively to your company. I would appreciate the opportunity to discuss how my skills can benefit your organization during a personal interview. My current location is Saudi Arabia and my notice period is one week

NEBOSH ,
BOSIET
