Additional Information

Roles and Responsibilities	Additional Skills/Certification
I am excited to apply for the Electrical Engineer position . With a strong background in electrical submersible pump (ESP) systems and extensive experience in the Oil & Gas sector, I am eager to bring my expertise to your team. In my current role as a Field Supervisor Engineer at Tam Oil Field Services, I have been responsible for installing and troubleshooting ESP systems, conducting failure analysis, and commissioning VSD and SCADA systems. My experience working with leading service providers such as Baker Hughes, Borets, and Alkhorayef has sharpened my ability to diagnose and resolve complex technical issues efficiently, ensuring optimal operational performance. What sets me apart is my hands-on expertise in ESP technology, including the installation of REDA and Baker Hughes pumps, Y-tool systems, and wellhead splicing solutions. I take pride in delivering high-quality results that enhance productivity and minimize downtime	BOSIT
