-----------------------------------	--

I am currently working in an Algerian drilling company, operating drilling machines with 1500, 2000, and 2500 horsepower, along with all the equipment and drill sizes. I have eighteen years of experience, ranging from drilling assistant to driller, and from assistant workshop supervisor to workshop supervisor. I also hold academic certificates in Chemistry and Hydrocarbons from the University of Boumerdes, Algeria, and a work certificate in drilling and mechanics. Additionally, I have a certificate in well explosion monitoring and equipment maintenance related to drilling. I am capable of maintaining drilling equipment, including the drilling pump, rotary table, top drive, control panel, and driller's control system, as well as monitoring and controlling the necessary conditions for successful drilling operations until the final stage, including production. I also write reports for drilling operations and issue permits for equipment maintenance after breakdowns. I am knowledgeable in safety, cleanliness, and environmental standards (HSE) on the rig.

A work certificate indicating the number of years of experience, along with a university degree in Chemistry and a certificate in Computer Science.
