Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>I am proficient in monitoring and overseeing the performance of drilling equipment during onshore operations. This involves ensuring that all equipment is functioning properly and efficiently, helping to maintain smooth operations throughout the drilling process. My role requires close collaboration with the drilling team to achieve project goals, ensuring tasks are completed on time and according to specifications. I also provide guidance on the routine maintenance of drilling machinery, advising the team on preventive measures to avoid equipment breakdowns. In addition, I troubleshoot any issues that arise with the machinery, identifying and resolving problems promptly to minimize downtime. An essential part of my responsibilities is maintaining accurate records of drilling operations. This includes tracking equipment usage, performance data, and operational logs, which are crucial for analyzing performance, ensuring compliance with safety standards, and facilitating future planning and decision-making.</p>	<p>- Proficient in AI-ML-based Drilling tech and predictive analytics - Proficient in Drill software WellData2.0, INSITE, DS365, Compass - Proficient in Comp. software PowerBi, SAP, Esbase - Certified A&M Texas University for Business Leadership Development</p>
