## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
Supervised the successful drilling and completion of multiple wells. Acted as the primary decision-maker on-site, with all operations routed through you. Managed daily site operations, including testing, inventory checks, and team coordination. Ensured safety compliance and optimized drilling performance. Assisted in preparing technical documentation and presentations for project reviews. Strengthened understanding of upstream operations through real-world project exposure. Led team 08 as the group leader during my internship, overseeing project execution and team coordination to ensure successful outcomes. Completed a certified online internship focused on Petrophysics, Well Stimulation, and core Petroleum Engineering concepts. Successfully passed assessments demonstrating applied understanding of industry-relevant topics. Attended expert-led lectures covering reservoir evaluation, stimulation techniques, and well performance.	IWCF Level 01 WOCRM Well Stimulation
