<b>Industry</b>	Drilling / Rig
<b>Sub Industry</b>	Rig Manager
<b>Nationality</b>	Egypt
<b>Primary Language</b>	Arabic,
<b>Secondary Language</b>	English,
<b>Total Years of Experience</b>	5

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

As a Floor Man in drilling operations, my primary responsibilities included assisting with the making and breaking of drill pipe connections during tripping in and out of the hole. I worked directly on the rig floor, supporting the Driller and Derrickman to ensure smooth and safe operations. I handled and operated various rig tools such as tongs, slips, and elevators, and was responsible for guiding pipe sections during hoisting and lowering. In addition to pipe handling, I participated in the routine inspection, cleaning, and maintenance of drilling equipment to prevent breakdowns and maintain safety standards. I regularly cleaned the rig floor and ensured tools were properly stored and in good condition. I followed all safety protocols strictly and was actively involved in toolbox talks and safety drills. I also assisted with mixing drilling fluids, handling casing operations, and preparing materials as per the Driller's instructions. My role demanded physical strength, teamwork, attention to detail, and the ability to respond quickly in emergency situations. Throughout my time in this position, I developed a strong understanding of drilling procedures and gained hands-on experience with heavy equipment in a fast-paced environment. My contribution helped maintain operational efficiency and minimize downtime, playing a key part in the success of daily rig activities.

Certified in First Aid, Rigging & Slinging, Fire Fighting, Safety Induction, PPE, Permit to Work, Work at Height Rescue, TRIC, Dropped Objects, JSA, Water Jetting, IWCF Level 1.
