## Personal Information

Candidate id	2734
Name	Omar Abdelazim
Date of Birth	1976-04-08
Salary (in USD)	8000/Per Month
Industry	Engineering & Science
Sub Industry	Rotating Equipment
Nationality	Egypt
Primary Language	English,
Secondary Language	Arabic,
Total Years of Experience	20

## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Working as a Reservoir Engineer, Specialist to provide technical and economical evaluation for new assets and concession blocks and other existing development areas. Team Leader for evaluating international bid-rounds to evaluate bidders for blocks and concessions that belong to EGPC, the evaluation includes TECHNICAL part and ECONOMICAL part. The economic model is based on Production Profile, Oil Price, CAPEX/OPEX and Fiscal Terms of the agreement contract between EGPC and the Partner, PSA (Production Sharing Agreement). Feasibility Study and valuation of assets by running economic model with different scenarios (Low Case | High Case | Best-Estimate Case) of expected Production Profiles, Fiscal Terms, Costs, Prices (of Oil/Gas) Estimating the capital expenditures (costs of drilling, completions, pipelines, facilities) and operating expenses, and the work schedule (Well Works Drilling & WO schedule and project timeline) Generating production profiles for the existing wells and the planned wells (reserve projection) Plan and Implement development programs to recover oil and gas through wells with the latest technology of drilling, completion, and production. Maximize reserves by Secondary/Tertiary Recovery and Artificial Lift. Ensure all wells are producing under the strategies & policies of the proper Reservoir Management Production Optimization to enhance/troubleshoot wells for optimum production rate in a cost-effective way Data Acquisition & Surveillance for Reservoir Monitoring and to get a good Reservoir Description & Formation Characterization. Reviewing wells and reservoir data and QC the data for validity, consistency, and integrity

Reservoir Management  
Field Development  
Planning Production  
Optimization Reservoir  
Simulation Well Test  
Analysis Pressure  
Transient Analysis PTA  
Petroleum Economics  
Petroleum Engineering

## Education Summary

Course	University	Passing Year	Country
Petroleum Engineering	Cairo University	1999	Egypt

## Career Summary

Position	Employer	Country	From	To
Reservoir Engineer Specialist	EGPC	Egypt	01/2016	06/2025
