Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I am drilling engineer graduate of Ouargla University and holds a master's degree in petroleum drilling, Certified with IWCF level 3, In addition to many training and courses such as first aid, Firefighting, and Permit to work, I am currently working as Driller at ENTP Drilling And Workover Company in Algeria, In this position I am responsible for supporting drilling operations and ensuring the safe and efficient functioning of drilling equipments, I also assist in operating the drilling rig, which includes handling drilling tools, tripping pipe, and monitoring drilling parameters. I have especially experienced all the drillings operations like DTM, Drilling, Casing and cementing also the well logging, the well completion and the MWD in workover operation. I would describe myself as someone who is a Safety-focused mindset where, I prioritize safety as the highest priority on the rig, also thrive in a team environment and effectively communicate with crew members, drilling engineers, and supervisors. I can take direction, follow instructions diligently, in addition, I can think quickly and make informed decisions under pressure to ensure the continuity of operations and minimizing downtime. I would like to put these characteristics to use within your company.

Iwcf level 3 Hse in drilling operations
H2s training courses
Working at height
