-----------------------------------	--

My name is Kummail Abdulrazaq Alqallaf, and I have over 10 years of experience in the drilling field. I started my career in 2014 with Shelf Drilling Company and worked in different positions such as Roustabout, Floor Man, Derrick Man, Assistant Driller, and now Training Driller. I learned a lot during these years — from using tools and handling equipment to leading a team and teaching others. As a Training Driller, I support and guide new workers to follow safety rules and do the job the right way. I hold a Drilling Diploma from Saudi Petroleum Services Polytechnic and completed many important safety and technical courses such as WellSharp, First Aid, Permit to Work, Confined Space Entry, and Stuck Pipe Prevention. I'm skilled in teamwork, leadership, drilling operations, and safety. I enjoy learning, helping my team, and improving the work around me. My goal is to continue growing in this field and take on more leadership roles in the future. I'm always open to new opportunities where I can use my experience and grow further in the drilling and oil & gas industry.
