Dear Hiring Personnel, I am writing to express my strong interest in the Driller position. With 13 years of hands-on drilling experience across land, shallow-water, and ultra-deepwater environments—including 7 years operating Cyber Chairs (Cameron X-Comm and Aker)—I am confident in my ability to support your offshore operations with technical precision, leadership, and a strong safety mindset. Throughout my career, I have held key roles from Roustabout to Night Company Man, managing complex drilling operations such as HPHT wells, underbalanced drilling, and casing runs using CRT. At Borr Drilling and Grupo R, I operated 6th-generation rigs and frequently stepped in as Relief Driller, ensuring operational continuity during high-risk phases. One of my most notable achievements was drilling the first well in the ATG zone in just 7 days, overcoming severe shale hydration challenges through optimized wellbore mechanics and potassium polymer mud systems. I hold valid IWCF Level 3 certification, IADC WellSharp Supervisor, a Mexican passport, U.S. visa, and a seaman's book. I am available for immediate deployment on offshore or rotational assignments. Thank you for considering my application. I would welcome the opportunity to contribute to your team and am available to discuss how my background aligns with your operational goals. Sincerely, **José Correa*
