<b>Salary (in USD)</b>	1580/Per Month
<b>Industry</b>	Oilfield Services
<b>Sub Industry</b>	Fishing
<b>Nationality</b>	Pakistan
<b>Primary Language</b>	English,
<b>Secondary Language</b>	English, Hindi, Arabic,
<b>Total Years of Experience</b>	09

## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

With over 9 years of experience working in the oilfield industry, including reputable rigs like \*COSL Drilling\*, I have developed a strong understanding of rig systems and a proven ability to troubleshoot mechanical issues under pressure. I take pride in contributing to a team-driven, safety-focused environment where reliability and performance are critical. As a \*Motorman\*, my primary responsibilities include the daily operation, inspection, and maintenance of key mechanical equipment such as \*diesel engines, mud pumps, compressors, generators, air systems\*, and hydraulic units. I perform routine checks on oil, coolant, and fuel levels, lubricate moving parts, monitor system performance, and identify early signs of wear or malfunction to prevent downtime or breakdowns. I maintain detailed maintenance logs, report faults promptly, and assist rig mechanics in major overhauls or repairs. I also take part in preventive maintenance programs to ensure that all machinery runs smoothly and efficiently, minimizing operational risk. In addition, I strictly adhere to \*HSE (Health, Safety, and Environment)\* guidelines and ensure the engine room and surrounding areas remain clean and hazard-free. My experience has taught me the importance of discipline, alertness, and teamwork in a fast-paced drilling environment.

2 year's diploma in auto mechanics. And also i have T-Bosit (OPITO)

## Education Summary

Course	University	Passing Year	Country
Auto mechanic	Govt technical training institute	2011	Pakistan

## Career Summary

Position	Employer	Country	From	To
Marine mechanical technician	SPIE oil and gas	Qatar	05/2023	07/2025
