Salary (in USD)	250/Per Month
Industry	Drilling / Rig
Sub Industry	Rig Manager
Nationality	India
Primary Language	English,
Secondary Language	Hindi,
Total Years of Experience	3

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I have hands-on experience supporting efficient and secure workover operations in oil and gas fields. My responsibilities included assisting in rig-up and rig-down activities, handling drill pipes and tubulars, and operating tongs and other rig tools. I ensured the rig floor remained organized and hazard-free, contributing to a safe working environment. I played a key role in pipe handling, tool preparation, and equipment maintenance, working closely with the Derrickman and Driller to execute daily rig operations. My duties also included monitoring fluid systems, assisting in running casing and tubing, and supporting the retrieval and installation of downhole tools. I consistently followed safety protocols and wore appropriate PPE, helping reduce downtime and accidents on site. My physical endurance, teamwork skills, and ability to operate under pressure made me a reliable asset during critical operations. With a strong understanding of rig equipment and operational procedures, I contributed to smooth and timely completion of workover jobs, ensuring operational targets were met with minimal disruption.

Hydrogen Sulphide
Basic Fire Fighting
First Aid Banksman
and Slinger Rig
Induction
