Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Fitting A Roustabout is an entry-level worker in the oil and gas industry, particularly on drilling rigs or production sites. Here's an overview of their role and responsibilities:

Key Responsibilities

1. ***Manual labor*:** Performing manual labor tasks, such as lifting, carrying, and moving equipment.
2. ***Equipment maintenance*:** Assisting with equipment maintenance, repairs, and inspections.
3. ***Rig operations*:** Supporting drilling and production operations, including setting up and tearing down equipment.
4. ***Safety protocols*:** Following safety procedures and protocols to ensure a safe working environment.

Additional Tasks

1. ***Cleaning and housekeeping*:** Maintaining a clean and organized work environment.
2. ***Assisting other crew members*:** Supporting other crew members with tasks and operations.
3. ***Following instructions*:** Following instructions from supervisors and senior crew members.

Skills and Qualifications

1. ***Physical ability*:** Ability to perform manual labor and work in physically demanding conditions.
2. ***Basic technical knowledge*:** Understanding of basic technical concepts and equipment operation.
3. ***Safety awareness*:** Knowledge of safety procedures and protocols.
4. ***Teamwork*:** Ability to work effectively as part of a team.

Work Environment

1. ***Onshore and offshore rigs*:** Working on drilling rigs, production sites, or other oil and gas facilities.
2. ***Physically demanding*:** Working in physically demanding conditions, including extreme weather and confined spaces.

Roustabouts play a crucial role in supporting oil and gas operations, and their work is essential to ensuring the smooth functioning of drilling

Fitter work, cranes operation, cutting. Measurement knowledge, well head operations also know
