Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>Roustabouts in the oil and gas industry are entry-level workers primarily responsible for physically demanding support tasks on drilling rigs and production platforms. Their duties include assisting with equipment maintenance, handling materials, and ensuring the smooth operation of the rig. Here's a more detailed breakdown of their responsibilities: General Duties: Maintenance and Repairs: Roustabouts perform routine maintenance and repairs on rig equipment, including cleaning, painting, and greasing machinery. Material Handling: They move and handle pipes, tools, and other equipment, loading and unloading them from trucks and boats. Equipment Assembly/Disassembly: Roustabouts assist in assembling and disassembling drilling equipment, such as pumps, engines, and other machinery. Leak Detection and Repair: They may be involved in locating and repairing leaks in pipes and equipment. Rig Cleaning and Upkeep: Roustabouts maintain the cleanliness and order of the rig floor, pipe deck, and other areas.</p>	Roustabout and floorman
