## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I am a highly skilled and safety-focused Driller with 15 years of experience in oil and gas drilling operations, including both land and offshore environments. I have a strong background in operating top drives, rotary table rigs, and automated systems, with a deep understanding of well control, pressure monitoring, and downhole conditions. Throughout my career, I have demonstrated strong leadership in supervising drill crews, maintaining drilling efficiency, and ensuring strict adherence to safety and environmental standards. I am proficient in executing drilling programs, managing tripping operations, and responding swiftly and effectively to well control situations. I take pride in mentoring junior crew members, fostering a positive and proactive safety culture on the rig. I hold valid certifications in IWCF (Level 3 ), H2S, First Aid, and other industry-required training. My commitment to continuous improvement, teamwork, and operational excellence makes me a reliable asset on any drilling team. I am confident in my ability to contribute to safe and productive drilling operations, even under high-pressure or remote working conditions.

1. Well Control Proficiency  
 2. Leadership crew  
 3. Safety-Oriented
