Additional Information

Roles and Responsibilities	Additional Skills/Certification
I've worked in an engineering company as an industrial intern where I worked hand in hand with operators and maintenance technicians/engineers of extrusion machines, pipe belling machines, cutter and injection machine. I was also a mechanical Engineering intern in two different automobile centers where I assisted in vehicle maintenance and the workshop manager in the workshop operations: Attending to job cards, seeing to the completion of jobs, test running the vehicles and making arrangements for safe delivery of vehicles to our clients. I also was an Engineer Trainee with a brewery where I assisted in operation and maintenance. I worked in the boiler room where we used a tube shell closed system to generate steam for brew activities. I also worked in the Refrigeration room where we had compressors and working fluids like the glycol and Ammonia gas for cooling. I was also privileged to participate in the MasterCard Foundation After school one year associate program where I was engaged as a Customer optimization personnel	Innovation; Engineering; Good communication; Tech
