Salary (in USD)	2200/Per Month
Industry	Drilling / Rig
Sub Industry	
Nationality	Pakistan
Primary Language	Hindi,
Secondary Language	English,
Total Years of Experience	7

Additional Information

Roles and Responsibilities	Additional Skills/Certification
<p>Handling Drilling Equipment: Floorhands assist with assembling and disassembling drill pipes, operating tongs, and managing other critical tools.</p> <p>Rig Maintenance & General Upkeep: While the floorhand's primary role involves pipe-handling and basic rig operations, they may also handle minor tasks like cleaning, painting, and equipment checks. Collaborating with the Crew: Floorhands work alongside and assist other crew members on the rig, such as motormen, derrickhands, and drillers. A floorhand's job comes with risks that rig operators and owners are legally responsible for mitigating. Working with heavy machinery and in potentially hazardous environments, floorhands are exposed to risks like slips, trips, falls, and injuries from handling equipment. High-pressure lines, combustible materials, and extreme weather conditions, especially on offshore rigs, add to the occupational hazards. The risks these conditions pose can be minimized, so long as company management takes responsibility for safety.</p>	LTV Dubai UAE Driving License

Education Summary

Course	University	Passing Year	Country
ELECTRICAL	NLC	2009	Pakistan
