Personal Information

Candidate id	3408
Name	Sayed Muaz
Date of Birth	1994-12-11
Salary (in USD)	1000/Per Month
Industry	Drilling / Rig
Sub Industry	WellSite Supervisor
Nationality	Egypt
Primary Language	Arabic,
Secondary Language	English,
Total Years of Experience	7

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

As a Rig Mechanic, I am responsible for maintaining, repairing, and ensuring the safe and efficient operation of all mechanical equipment on the drilling rig. This includes diesel engines, mud pumps, air compressors, hydraulic systems, hoisting equipment, top drive systems, and pneumatic components. I perform routine preventive maintenance, troubleshoot faults, and carry out corrective actions to minimize downtime and maintain equipment reliability. I monitor system pressures, fluid levels, and mechanical performance parameters, taking immediate action when deviations occur. I also participate in rig-up and rig-down operations during mobilization and demobilization, ensuring proper installation and dismantling of mechanical systems. Following strict safety standards, I adhere to all permit-to-work systems, isolation procedures (LOTO), and HSE policies to protect personnel and equipment. I maintain accurate records of maintenance activities and use computerized maintenance systems (CMMS) for reporting and tracking. Working closely with drillers, electricians, welders, and supervisors, I ensure seamless coordination during drilling operations. My role demands quick thinking, adaptability, and a deep understanding of rig systems to respond to emergencies and ensure operational continuity. With a strong mechanical background and commitment to safety, I contribute directly to the performance, reliability, and safety of the drilling operation.

Diesel engine repair, hydraulic systems, air compressors, mud pumps, troubleshooting, rig-up/rig-down, CMMS, preventive maintenance, HSE compliance, teamwork, mechanical drawings, welding (basic), top drive systems.

Education Summary

Course	University	Passing Year	Country
Mechanical Engineering	Mansoura University	2018	Egypt

Career Summary

Position	Employer	Country	From	To
Rig Mechanic	Shelf Drilling	Egypt	06/2020	07/2025
