Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Technician specialized in Hygiene, Safety & Environment (HSE) with proven field experience in the oil & gas sector, including multiple internships at Sonatrach refineries (RA2K & RA1K) and the Port of Skikda. Skilled in risk assessment, safety audits, fire protection systems, and environmental management. Strong knowledge of ISO 9001, 14001, and 45001 standards, with hands-on application of HSE simulations such as TopEvent FTA and ALOHA. Recognized for effective communication in Arabic, French, and English, and maintaining a safety-first mindset under high-pressure industrial environments. Monitor and enforce compliance with HSE protocols in industrial operations. Conduct risk assessments and safety inspections in oil & gas and port activities. Analyse fire suppression systems (e.g., IG-541) and recommend corrective actions. Prepare technical HSE reports and maintain hazard registers. Lead employee safety-awareness sessions and support daily site walkdowns. Ensure alignment with international standards (ISO 9001, ISO 14001, ISO 45001).	Risk assessment & safety management. Technical report writing and HSE simulations (TopEvent FTA, ALOHA). Strong knowledge of ISO 9001/14001/45001 standards. Proficiency in AutoCAD, Microsoft Office Suite, Enablon.
