Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Telemetry and drilling technology engineer with deep expertise in servicing, configuring, and programming equipment from Halliburton and MWD Planet, including full MWD/LWD system integration. Extensive hands-on experience on drilling rigs, performing installation, calibration, configuration, and field operation of telemetry systems directly in well environments. Over the course of my career, I have been involved in more than 170 drilling projects, working under various conditions and successfully solving both technical and operational challenges. Participated in the development and testing of pulsers, troubleshooting issues, and assembling and repairing high-tech downhole tools. ... Strong background in electronics: experienced with various electronic measuring devices, proficient in reading schematics, soldering, replacing microchips, and performing fine electronic repairs. Also skilled in modifying and optimizing equipment to improve its reliability and usability. Experienced in working with hard metals such as tungsten carbide, titanium, and beryllium. Managed telemetry teams under high-pressure environments, known for precision, responsibility, and the ability to solve complex engineering tasks efficiently.

Education Summary

Course	University	Passing Year	Country
Radio telemechanic	Baku Polytechnic Lyceum No. 7	1997	Azerbaijan

Career Summary

Position	Employer	Country	From	To
MWD Engineer	Global drilling solutions	Azerbaijan	NaN/NaN	NaN/NaN
