|---|---|
| Chief mechanical engineer with 12 years in oil & gas industry, I have worked across oil & gas, commercial and industrial mechanical systems and have an advanced working knowledge of all mechanical components. My experience has included troubleshooting, construction and installation, management of other mechanical jobs and subcontractors, materials ordering and receiving, reading and interpretation of specifications and drawings, proceeding PM system. I believe I have the ability to work both on my own initiative and also as part of a team. In addition, I consider myself to have excellent leadership skills. I am always willing to undertake development and training and have the ability to pick up new skills quickly; I also believe I am good at generating new ideas,now I'm working as Chief Mechanic at ADNOC Drilling and I followed the rules,policy and HSE procedures and WMS System at my Company. | B. SC. Of mechanical engineering and design |
