-----------------------------------	--

Proficient slickline supervisor with over 14 years of experience in oil and gas industry, collaborative team player with the ability to partner with several companies to execute strategic plan. A highly capable supervisor with an academic and professional background, based on training sessions and qualification across my career. Able to demonstrate a high level of professionalism and dedication to a wide variety of slickline interventions (onshore & offshore). Professional and articulate with strong interpersonal skills, applying technical knowledge to solve routine and complex problems. Possessed a thorough understanding of Slickline tools with an excellent problem-solving and hands-on experience. Setup, controlled and adjusted rotating equipment to perfectly start production cycle. Diagnosed and repaired complex mechanical system on a variety of slickline units and tools, increasing maintenance performance indicators (KPIs). Perfectly identified and executed the proper troubleshooting method based on corrective maintenance log and technical expertise, resulting in an optimized cost, spending and breakdown time. Executed regular audit inventory of spare parts to increase efficiency and spare availability. Ordered spare parts according to parts manual. Implemented assurance test for safety critical elements.
