Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Facilitated daily safety meetings, toolbox talks, and pre-tour briefings to foster a strong safety culture and ensure compliance with SANAD and client standards. Conducted site inspections, audits, risk assessments (daily, weekly, monthly) identifying hazards, and enforcing corrective actions to reduce incidents. Managed incident investigations, performed root cause analysis, and implemented preventive measures to avoid recurrence. Delivered HSE training and induction programs on confined space, PPE use, fall protection, and permit-to-work systems for crews, subcontractors, and visitors. Maintained safety documentation, developed job safety analyses (JSAs), and coordinated with client safety teams to ensure full regulatory and operational compliance. Spearheaded safety initiatives, instilling a safety-first culture that achieved 90% crew training completion and reduced safety incidents by 50%. Implemented risk-based safety methodologies, improving hazard identification by 30% and reducing near-miss incidents by 25%, strengthening safety posture. Directed the Stop, Observe, Act and Report (SOAR) program and Stop Work Authority (SWA), improving hazard mitigation effectiveness by 50% and enhancing safety compliance. Conducted internal and external safety audits, improving audit scores by 40% and ensuring full regulatory compliance. Led root cause analysis and corrective actions post-incident, reducing the recurrence of safety incidents by 50% and driving continuous safety improvements.
