## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
I worked as a chemist at BPCL India in the QA department, handling fuels and lubricants like MS, HSD, ATF, and AdBlue. This role helped me develop strong analytical and quality control skills. Currently, I'm working as a Roustabout in the UAE offshore on a jack-up rig with ADNOC. My daily tasks include manual job work such as chemical mixing, chopper duty, confined space entry, taking sounding routes, lifting, and shifting. I'm responsible for ensuring the smooth operation of the rig and adhering to safety protocols. I've gained valuable experience working at heights, handling equipment, and collaborating with colleagues in a fast-paced environment. I'm confident in my ability to adapt to new challenges and contribute effectively in a dynamic offshore setting. I'm looking for opportunities to leverage my skills and experience in a challenging role."	Technical Skills: 1. MWD/LWD 2. Drilling Fluid expertise 3. Chemical handling and mixing 4. Quality control and assurance 5. Laboratory testing and analysis 6. Equipment operation and maintenance 7. MS Office and Excel proficiency

## Education Summary

Course	University	Passing Year	Country
