

FALCON®
MULTI SERVICES LTD

Falcon Multi Services Ltd

201, Creado, Juhu Chruch Road, Juhu Mumbai 400049

Personal Information

Candidate id	3958
Name	Javid Patel
Date of Birth	1984-04-29
Salary (in USD)	2000/Per Month
Industry	Drilling / Rig
Sub Industry	Roustabout
Nationality	India
Primary Language	Hindi,
Secondary Language	English,
Total Years of Experience	15

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	----------------------------------------

? Now working as a Shifter (Operation support) ? Handling Electrical shifter job to support operation for running the plant out Isolation and De-isolation of HV/MV/LV feeders. ? Good knowledge in schematic and single line drawings read and Trace. ? Conversant with overhaul and preventive maintenance procedures on a variety of high and medium voltage equipment's, like a Switchgears,&Motors HV/MV/LV and transformers in accordance with schedules, check list and specific equipment requirements. ? Preventive maintenance of HV/MV and LV Motors, Lubrication of Bearing (oil & greasing), Measuring IR, WR, PI, values of different capacity of Motor ? Involved in Preventive, Proactive and Breakdown Maintenance activities of electrical equipment's like Transformer, Generators, UPS, Battery and Battery Chargers, Heaters, Electrical Heat Tracings, Bridge Cranes, Capacitor Banks, VFD, LV/HV Motors, Lightings, etc. ? Trouble shooting for HV/MV/LV Motors, check the Protection Unbalance, Thermal over load trip, Earth fault, Jam fault etc..... ? Preventive maintenance of all electrical equipment like Lighting panels, transformers, motors and circuit breakers (VCB&ACB) etc. ? Operation, Maintenance and testing on Variable Frequency Drives and good awareness about hazardous zone classifications&ATEX standards. ? Insulation Resistance test, High pot, stability Test for Bus bar, Circuit breakers, and contactors. ? Carries out specialized electrical maintenance or repair work in assigned location on primary&secondary systems of HT/LT equipment's, includes oil levels check, checks auxiliary contacts&wirings of transformers, panels and other parts as applicable. ? BDV Test of transformer oil (Die-electric strength of transformer oil). ? Maintaining of Daily activity log book, about log out tag out for cub's contactors, mcc feeders and monitoring of running equipment, etc..... ? Complies with safety condition and practice on all equipment's on which is working and observe the work permit regulation. ? Maintains lighting systems through replacement of lamps, starters, repairing circuits&faults, topping up electrolyte levels and checking power sockets. ? Thorough with testing procedures for electrical equipment's like CT/PT polarity, ratio, winding resistance test, CRM tests, C.B timing tests. ? Installation of electrical equipment's like Transformer HT/ LT, Switchgear motors with control and power wiring, junction boxes, light fitting Hi Must Poles, Earth pit, etc..... ? Installation of Cable Trays, Internal Wiring of Distribution Board Lying Of HV, LV&Control Cables and Termination. ? Site co-ordination with commissioning team for Solo run, Load test run of motors, Bump test etc..... ? Constant updating of motor databases, daily log reporting, safety issues discussions, tool box talks, Punch lists&preservation points preparations.

? Self-motivated hard working Electrical Technician with a proven track record of handling multiple jobs like installation&maintenance, repair, skilled Motor Overhauling, testing and commissioning of high&low voltage equipment's seeking suitable

Education Summary

Course	University	Passing Year	Country
--------	------------	--------------	---------

ITI trade of Electrical	Ibrahim Bawani technical institute	2000	India
-------------------------	------------------------------------	------	-------

Career Summary

Position	Employer	Country	From	To
Electrical Maintenance Technician	Aru Industries	Zambia	01/2025	11/2025
