----------------------------	---------------------------------

<p>With over 13 years of experience in both offshore and onshore operations, I have held roles as Production Supervisor, Operation analyst, and, working with international operators such as BW Energy, Assala Energy, Shell Gabon, and Total Energy. My expertise covers production & operations management, process optimization, risk management, HSE leadership, and team development. I have successfully led production teams, optimized well performance, and implemented safety and efficiency initiatives across diverse environments. I have several years of experience in oil & gas production, including: ??Production supervision and field operations ??Process monitoring and optimization ??HSE compliance and permit-to-work systems ??Coordination with maintenance, engineering, and operations teams ??Troubleshooting of production issues and integrity concerns I am convinced that my technical background, operational discipline, and ability to work effectively in demanding environments would allow me to make a positive contribution to your organization. Thank you in advance for your consideration, and I look forward to the possibility of collaborating with you</p>	BOSIET
