Total Years of Experience	8

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I am a dedicated and skilled Mechanical Technician with hands-on experience in maintenance, troubleshooting, and repair of industrial mechanical equipment. I have strong practical knowledge of pumps, motors, compressors, hydraulic systems, pneumatic systems, gearboxes, and rotating machinery. My work focuses on ensuring smooth and safe operation of machines through preventive and corrective maintenance. I am confident in reading technical drawings, understanding mechanical diagrams, and using tools such as calipers, micrometers, torque wrenches, dial indicators, and other measuring instruments. I have good skills in mechanical fitting, alignment, installation, lubrication, and part replacement. I can independently identify faults, analyze machine problems, and complete repairs efficiently within given timeframes. Safety is my top priority, and I always follow standard operating procedures and workplace safety rules. I work well under pressure and can manage tasks in challenging environments. I communicate clearly, cooperate with team members, and support smooth plant operations. With strong technical ability, a hardworking attitude, and a commitment to continuous learning, I aim to contribute effectively to my workplace and ensure maximum equipment reliability and minimum downtime.

Strong knowledge of pumps, motors, compressors & rotating machinery Hydraulic & pneumatic system troubleshooting Preventive & corrective maintenance (PM/CM) Mechanical fitting, alignment & installation
