## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
I am an experienced Chief Rig Electrician with over 15 years in Gulf countries, specializing in rig electrical systems, maintenance, and troubleshooting. I have worked on drilling rigs, power systems, generators, motors, SCRs, VFDs, and control circuits, ensuring smooth and safe operations in demanding environments. Along with my main role, I have also handled PMS (Planned Maintenance System) responsibilities, including preparing maintenance plans, supervising preventive maintenance tasks, coordinating with operations teams, and managing annual maintenance supervision for multiple projects. My work ensures minimal downtime and full compliance with safety and operational standards. I am skilled in fault diagnosis, equipment inspection, technical reporting, and managing electrical teams. I consistently maintain strong safety practices and work efficiently with multicultural crews. With my technical expertise and leadership experience, I aim to continue contributing to reliable rig operations and high-quality maintenance performance.
