Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

As a Floor Man on the drilling rig, I am responsible for assisting the drilling crew in all operations on the rig floor. My duties include handling drill pipes, making and breaking connections, and supporting the Driller and Derrickman during drilling activities. I ensure that all tools, equipment, and tubulars are cleaned, inspected, and prepared for safe and efficient use. I actively participate in tripping operations, guiding pipes into and out of the wellbore using proper hand signals and communication. I help maintain mud pumps, shale shakers, and other rig equipment to ensure smooth drilling performance. I also assist in mixing mud chemicals under the direction of the Derrickman or Mud Engineer. Safety is my top priority. I follow all HSE rules, wear proper PPE, and report any unsafe conditions immediately. I keep the rig floor clean, organized, and free of hazards to reduce risks for the entire crew. I also take part in safety drills, toolbox talks, and daily inspections. My role supports the entire drilling team by ensuring efficient operations, strong teamwork, and a safe working environment on the rig.

hold essential certifications such as H2S, Firefighting, Rigging & Slinging, and Forklift Operation, and I strictly follow HSE and safety compliance standards on the rig. I am a team-oriented, hardworking and safety-focused individual,
