Industry	Drilling / Rig
Sub Industry	Company Man
Nationality	India
Primary Language	English,
Secondary Language	
Total Years of Experience	2

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

As a Roustabout, I have carried out a wide range of responsibilities that support safe and efficient drilling operations. My duties include providing rig floor support such as pipe handling, assisting floorhands during tripping operations, and ensuring smooth movement of tools and equipment. I regularly perform housekeeping, deck cleaning, and general maintenance tasks to keep all work areas clean, organized, and free from hazards. I follow strict HSE procedures, use proper PPE, and consistently report hazards or unsafe conditions to supervisors. I assist in loading and unloading materials, guiding crane operations through correct hand signals, and shifting materials safely across the rig. I am experienced in handling basic tools, operating hand tools, tightening bolts, greasing equipment, and performing minor maintenance tasks when required. I also help in cleaning mud pits, tanks, and support supervisors and crew members with daily operational tasks. My responsibilities also include proper waste management, spill cleanup, and participating in safety drills. I work well in team environments, follow instructions carefully, and maintain high discipline even during high-pressure operations. Overall, I ensure safe work practices, support the drilling team effectively, and contribute to smooth and efficient rig operations.

IWCF Level 1
