Salary (in USD)	150/Per Day
Industry	Drilling / Rig
Sub Industry	Roustabout
Nationality	Pakistan
Primary Language	English, Hindi, Arabic,
Secondary Language	English,
Total Years of Experience	14

Additional Information

Roles and Responsibilities	Additional Skills/Certification
-----------------------------------	--

A Rig Electrician is responsible for maintaining, repairing, and troubleshooting all electrical systems on a drilling rig to ensure safe and continuous operations. The role includes conducting routine inspections on generators, switchboards, motors, lighting systems, control panels, and other essential rig equipment. Rig Electricians diagnose electrical faults quickly and carry out corrective actions to minimize downtime and support uninterrupted drilling activities. They ensure all electrical work follows safety regulations, including proper use of lockout and tagout procedures, compliance with industry standards, and prevention of electrical hazards. Monitoring the rig's power generation system is a key responsibility, ensuring balanced loads and efficient distribution of electricity throughout the rig. The Rig Electrician also manages preventive maintenance by inspecting cables, breakers, and electrical connections, replacing worn components, and keeping equipment functioning at optimal levels. Documentation is an essential part of the job, requiring accurate logging of maintenance activities, updates to electrical schematics, and timely reporting of malfunctioning equipment. Teamwork is important, as Rig Electricians coordinate with mechanics, drillers, and supervisors during operations. In emergencies, they respond immediately to electrical failures, restore power safely, and support overall rig safety. This role is vital for maintaining reliable operations in demanding rig environments every day.

Strong troubleshooting, knowledge of AC/DC systems, PLCs, VFDs, generators, and rig equipment; skilled with electrical tools, safety procedures, LOTO, teamwork, communication, problem-solving, and working under pressure in harsh environments.

Education Summary

Course	University	Passing Year	Country
TBOSIT	High School	1992	Pakistan
