## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
I am responsible for conducting Coiled Tubing operations, including rig-up/rig-down, equipment inspection, and pressure testing to ensure safe and reliable job execution. I assist in nitrogen lifting, stimulation, and other well intervention activities while maintaining strict compliance with operational and safety standards. During each job, I monitor and record treatment parameters and operational data for accurate reporting and post-job evaluation. I also handle the maintenance of CT surface equipment and support both pre-job and post-job equipment readiness to ensure full operational efficiency. Additionally, I actively follow HSE procedures, participate in job safety analyses, and contribute to risk assessments. I support senior engineers by preparing technical documentation, job data summaries, and operational reports as required.	IOSH Managing Safely OSHA Construction Safety (Version 5.0) IWCF Level 1 – Well Control MS Office Certification
