Personal Information

Candidate id	4569
Name	Cesar Esteban Santos
Date of Birth	1984-06-29
Salary (in USD)	8000/Per Month
Industry	Engineering & Science
Sub Industry	Chemist
Nationality	Mexico
Primary Language	Spanish ,
Secondary Language	English,
Total Years of Experience	13

Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Field Engineer with 13 years and 7 months of comprehensive experience, including 8 years as a Drilling and Completion Fluids Engineer in offshore regions and 5 years and 7 months in onshore wells. I possess extensive knowledge of oil well drilling, from planning to completion, as well as the supply and management of resources. I am experienced in creating and interpreting well hydraulics simulations and am qualified in handling water-based, oil-based, and synthetic fluids—from their preparation and preventive and corrective maintenance to the interpretation of fluid analysis reports. In my previous roles, I have been responsible for the entire oil well drilling process, from planning to completion, including resource supply and management. For instance, I have extensive experience in creating and interpreting wellbore cleaning hydraulic simulations, Cementing Operations and provided technical support for horizontal drilling Operations. which has been critical in optimizing drilling efficiency and safety.

My key strengths that align with your requirements include: · Comprehensive knowledge in the preparation, maintenance, and analysis of fluids. · Proficient in well hydraulics and the end-to-end management of drilling operations.
