Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

I am a Well Intervention Specialist with over 12 years' experience in Well Intervention services (Coiled Tubing, Stimulation, Cementing, Nitrogen Pumping and High Pressure pumping) and a Mechanical Engineering post graduate. I have held Field Engineer, Specialist, Supervisory and Field operator roles while carrying out various Well intervention services that span over Saudi Arabia, Kuwait and Nigeria, leading to improved productions for Saudi Aramco, Kuwait Oil Company (KOC) and various International producing companies within Nigeria. Successful services rendered onshore and offshore, on rigs and rigless operations (inclusive of their various Coiled tubing related applications) have included: Stimulation jobs (Matrix acidizing, acid washes), Cementing jobs, (zonal switches, zonal isolations), Well bore cleanouts, Milling Operations, Nitrogen operations for Well lifts and tubing purges, Well kills (gas wells inclusive), ESP flushes, Flow line flushes, injectivity tests, sand washes, support services for critical E-line/wireline operations, and miscellaneous high pressure pumping, all towards well control, restoring and improving production. I am a dedicated professional, hardworking, a quick learner, ever eager to develop further on my knowledge, skillset and values, helping subordinates develop themselves, while working with a team and other professionals to achieve a common goal.

Coiled Tubing,
Stimulation,
Cementing, Nitrogen
Services, High
Pressure Pumping
