Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Greetings of the day. I am Karthik Rengaraj, and I am a PMP-certified Planning Engineer currently working at the KIPIC Refinery in Kuwait. I hold a Bachelor's degree in Mechanical Engineering, accredited by the Kuwait Society of Engineers, and bring over 10 years of experience in maintenance planning within the Petrochemical, Oil, and Gas sectors. I have in-depth expertise in planning and scheduling maintenance activities for process equipment such as columns, heat exchangers, vessels, tanks, furnaces, boilers, and valves. I am proficient in interpreting P&IDs, isometric drawings, and well-versed in international standards including ASME, ASTM, and API. In addition to my PMP credential, I also hold API 510 certifications, enabling me to bridge technical and project control functions effectively. My technical toolkit includes Primavera P6, Maximo, and SAP, which I utilize for efficient maintenance and project planning. Please find my resume and supporting documents attached for your kind review. I would be grateful for the opportunity to further discuss how my background aligns with your current or future requirements. Looking forward to your response. With regards, Karthik Rengaraj +965-66729143

PMP Certified
