## Additional Information

Roles and Responsibilities	Additional Skills/Certification
----------------------------	---------------------------------

Support Drilling Operations: Assist the driller in executing workover and well-completion activities as per the drilling program. Monitor drilling parameters (e.g., torque, weight on bit, and mud properties) and report anomalies to the driller. 2. Rig Equipment Operation and Maintenance: Operate rig equipment such as the drawworks, mud pumps, and rotary tables under supervision. Conduct pre-start checks and routine maintenance on rig equipment to ensure reliability and safety. 3. Supervise Crew Activities: Direct and oversee floorhands, derrickmen, and other rig crew members during operations. Ensure proper handling and installation of tubulars, tools, and equipment. 4. Handle Well-Control Situations: Monitor for early signs of kicks, fluid losses, or other well-control issues. Support the driller in implementing well-control measures and procedures. Health, Safety, and Environment (HSE) Duties 1. Promote Safety Practices: Enforce safety standards and practices among crew members. Participate in daily safety meetings and toolbox talks. 2. Emergency Preparedness: Assist in emergency drills, including fire, blowout, and man-overboard scenarios. Ensure the rig is equipped with functioning safety and firefighting equipment. 3. Environmental Compliance: Handle chemicals, waste materials, and fluids in compliance with environmental regulations. Administrative and Reporting Duties 1. Documentation: Maintain logs of drilling activities, tool usage, and equipment maintenance. Assist in compiling reports for supervisors and the rig manager. 2. Inventory Management: Monitor inventory levels of essential tools and consumables.
