Proactive and dedicated HSE Officer with extensive experience in offshore jack-up rigs and land drilling operations, ensuring safe execution of drilling, workover, and well- servicing activities. Skilled in HSE compliance, PTW audits, risk assessments, emergency response planning, incident investigation, BBS programs, and crew HSE training. Strong track record of supporting OIMs, Tool pushers, and Drilling Engineers in maintaining a zero-harm workplace through proactive hazard identification and operational safety leadership. Demonstrated leadership in improving safety behaviour, reducing operational risks, and ensuring audit compliance in multinational environments. Enforced HSE standards across drilling, tripping, cementing, jacking, and maintenance operations ? Implement and monitor HSE programs ensuring full compliance with company and regulatory standards. ? Conduct PTW audits, JSA revisions, routine HSE inspections across drilling, maintenance, and marine operations, validated barricading, and ensured LOTO implementation for hazardous jobs. ? Managed HSE documentation- inductions, SIMOPS plans, equipment certifications & audit close-outs ? Led toolbox talks, on-site coaching, and BBS interventions with drill floor and deck crews ? Lead weekly and monthly safety meetings improving crew awareness and maintaining a proactive HSE culture. ? Conduct emergency drills (Fire, Abandon Ship, H2S, Oil Spill, MOB) ensuring 100% crew readiness. ? Deliver HSE training on PPE, LSA/FFA equipment, working at height, confined space, lifting operations. ? Performed RCA / 5-Why on incidents & near-misses, issuing corrective actions to prevent recurrence. Many other details are mentioned the attached resume please go through the resume.
