## Additional Information

<b>Roles and Responsibilities</b>	<b>Additional Skills/Certification</b>
-----------------------------------	--

Am a Instrument & Control person with extensive experience in operations readiness, acceptance and handover process along with a strong fundamental background in Instrument & control methodology related to upstream oil & gas sector. I have 21-years of proven work experience; including 18-years in upstream oil & gas / LNG sector both Onshore and Offshore installations. I have demonstrable experience Engineer / Supervisory positions during course of my career. On my last position responsibilities in Hook-Up , Operational & F&G Readiness Verification, Acceptance & Handover process, RFSU and assisting in initial start-up of process/equipment. By representing client / EPCIC contractor worked as an independent role as we lead subcontractors while turnaround, all the job planning / scheduling / execution etc. I have extensively worked in an integrated offshore and onshore Reliability & Maintenance department, with Senior Supervisor responsibilities as well, carrying out cost effective/efficient maintenance activities, implementation/execution of major upgrade projects/new installations, major equipment shutdown overhaul/ field and facilities turnaround, RCFA ,troubleshooting/ fault elimination, start-up etc.

BOSEIT / COMPEX / H2S / OFFSHORE MEDICAL OGUK
